

## ON-SITE MEDICAL CLINIC

Health benefits remain one of the single most valuable components of any employee compensation package. Most business leaders are unaware that the indirect costs of poor health may be two to three times higher than the direct medical costs.

The answer is plain and simple ... Address the problems from a preventative, early notification and treatment perspective.

*H* **Health is a performance driver. Investing in health not only controls expenses, but also protects, supports and enhances human capital. It is fundamental to a healthier bottom line.**

Care ATC pioneered the concept of providing on-site physician care for self-insured companies and has earned the confidence and loyalty of employers nationwide. Care ATC furnishes a physician, a nurse practitioner and medical assistant, recruited from your area, to provide primary care for employees and their families at your worksite.

Care ATC has four "mission critical" approaches that combine to improve outcomes, and in turn, lower your costs.

### **ON LOCATION PHYSICIAN**

Our medical staff comes to your office at regularly scheduled times. Appointments are voluntary, confidential and 100% HIPAA compliant.

### **ANNUAL PERSONAL HEALTH ASSESSMENTS**

This annual review offer patients information on their health status and provides early identification of potentially catastrophic issues.

### **PATIENT AND GROUP EDUCATION**

The latest scientifically-based medical information is presented in consumer language for employees and their families, including condition information in both clinical and consumer formats and consumer drug information.

### **ADMINISTRATION AND REPORTING**

Reporting, coupled with clinical data and financial health plan information, provides a new level of healthcare understanding.

- Significantly decreased healthcare costs through on-site physician utilization
- Improved employee morale and increased rates of productivity
- Decreases absenteeism
- No co-pays or deductibles for employees, spouses or dependents
- Physician-selected prescription drugs dispensed on-site
- Accessible physician at your worksite
